ACSA Child & Family Program Descriptions

ACSA Child & Family offers **FREE** high quality virtual programs for parents/caregivers with children ages 0 -6 years of age. Our aim is to support the child's developmental well-being. These include the social/ emotional skills, physical skills, and communication skills. We follow the expectations from pedagogies such as How Does Learning Happen and ELECT.

Programs for 0 — 6 years of Age

Story Time engages children and their caregivers in interactive stories, rhymes, songs, activities and many more. We also offer language specific story times in Cantonese/Mandarin and Tamil and a no video virtual story time.

Circle Time explores a variety of children's songs, rhymes, activities and many more by engaging in interactive singing and movement in a virtual platform.

Fun with Food promotes healthy eating, exploring different cultural foods and engage in active play.

Music & Movement Let's move to the rhythm! Making our own music with different instruments as well as to a variety of different music genres. Children will learn new sounds, words, patterns through music and enjoy learning how to move and control bodies.

STEM/STEAM program is a fun and creative way to discover science, technology, engineering, math and arts through play and exposure to hands on learning.

iSpy in my neighbourhood children discover local community monuments, their environment and community members.

Messy Play program fosters children's natural curiosity by discovering different senses, expressing their thoughts/emotions through play.

Ready & Rhyme focus on developing language skills in a fun and interactive way where children will learn through short stories, poems, rhymes and many more.

Language Specific Story/Circle Time fosters children's language development and supports multilingualism. Currently offered in Tamil, Cantonese/Mandarin, & Urdu/Hindi.

Adventure Time exposes children to learning about the world, different cultures,

Dances around the world explore the importance and meanings behind dance styles in around the world. Also, engaging children to build their hand-eye coordination and learning to move their bodies.

Fitness Fun is an interactive program that promotes children's and families' physical, emotional, cognitive well-being through interactive activities such as yoga, exercises, meditation and more.

Outdoor Fun/Nature Exploration is an interactive virtual program that nurtures children's natural curiosity by bringing the outdoors indoors, exploring their local environment and local monuments and engaging physical activity.

Daddy and Me is an informal program for children and their male caregivers to engage in a variety of unstructured play based learning.

Wiggle and Giggle is a program which aims to explore the children's natural curiosity by exploring humor, drama, self-expression and many more.

Healthy eating is a program where families and children can sit together and enjoy their healthy meals. Families and children will learn the importance of healthy eating and exploring traditional dishes from other cultures.

All about Me is a program where children and families explore fun techniques on self-regulation through various activities such as meditation, yoga, exploring their bodies and many more.

Active Play engages children and their families in a variety of activities that promote the physical well-being.

Infant/Toddler focused Programs

Circle Time - Baby & Me (0 – 18 Months) is a great way for you and your infant to engage in face to face singing, creative homemade activities and connecting with parents/caregivers.

Toddler Adventures (18 months - 24 months) nurtures toddler's developmental skills such as language, physical wellness and their social/emotional skills.

Shake, Rattle & Roll is an unstructured program promoting the natural curiosity of children's toys, singings songs, creative activities and many more.

Kindergarten Readiness Programs (3 - 6 years)

Play to learn/ Let's Get Ready for school is an unstructured program of early learning activities to encourage interactions in an age appropriate, child focused environment that enhances and promotes healthy child development.

Fun & Learn aims to balance children learning and engaging in fun activities by building children's self-help skills, turn-taking skills, communication skills and many more.

Fun with Letters/Numbers children to build on their literacy and numeracy skills.

Count with Me aims to promote children's numeracy skills through fun, interactive in a virtual platform.
